

# The Lake Districts' Ullswater Circuit

Friday 4th - Sunday 6th June 2010

**Fundraising for Breakthrough Breast Cancer**  
Organised by professional walking company Walkwise UK

22 mile trek around the perimeter of England's second longest and arguably most beautiful lake, taking in an exceptional variety of impressive scenery.

Boot Level Two: Training is required for all treks, this is a challenge. However, anyone with a reasonable level of fitness and health who trains beforehand should be able to complete this walk.

## Day 1: Saturday 5th June

*Patterdale Hotel, Howtown, Pooley Bridge.*

From leaving the hotel you'll be able to enjoy the full beauty of the valley straightaway. Your route will initially cross the valley to the southern end of the lake. From here the oadh leads you through the quaint farms and out along the foot of the hillside to the wonderful viewpoint of Silver Point.

Here the stunning views of mountains begin to unfold and the impressive scenery is made all the more arresting by the majestic lake in the foreground.

The route now undulates through the ancient woodlands that adorn the picturesque hillsides. Eventually you'll reach the foot of Martindale, where you'll join the lakeside footpath around to Howtown.

Continuing along the hill foot you'll finish off the first day's trekking in the picturesque Lakeland village of Pooley Bridge.

**Distance to walk on Saturday: 11 miles / 18 km**  
**Ascent on Saturday: 1,240 feet / 400 m**

## Day 2: Sunday 6th June

*Pooley Bridge, Aira Force, Glenridding.*

The morning's trek will begin from Pooley Bridge and along the northern arc of Ullswater Circuit. Initially there is no path adjacent to the lake, so you'll make your way across the traditional Cumbria farmlands, through hamlets, villages and delightful woodlands before emerging onto the open fellside.

Here with your newfound height the views are as extensive as they are enchanting. The peaceful waters of the lake stretch out through the inviting arms of the valley, which in turn reach up to the lofty and dramatic ridges of the highest Lakeland Fells.

After being rewarded with such inspiring views you'll pass around Gowbarrow Dodd and on to the tumbling cascades of Aira Force.

From here you'll cross the fields before your circuit of Ullswater concludes with a final walk back along its foreshore.

**Distance to walk on Sunday: 11 miles / 18 km**  
**Ascent on Sunday: 1,400 feet / 450 m**

# How fit do I need to be?

(Provided by WalkWise UK)

- Your UK Trek will be a physically demanding event and as such you will need to train beforehand. You will be walking up to 23 miles and at least 10 miles a day along many varying landscapes with some ascent and descent. If you're not used to walking or regular exercise you ought to prepare yourself.
- Anyone with a reasonable level of fitness and health should be able to complete this walk, but you will need to train beforehand.
- Whilst this trek is a challenge it is also not a race. We want everyone to enjoy themselves and to be able to appreciate the beautiful surroundings. There is usually quite a discrepancy in people's abilities and the Walkwise Trekking Guides will allow for this, ensuring that no one is left behind and you can take the trek at your own pace.
- There will be a few trekking guides with the group and what usually happens is that the group will naturally split into different groups of ability. You can decide which group you would like to trek in; it may be that on the Saturday you trek in the slower group and then on the Sunday you decide you would like to pick the pace up a bit and switch to the faster group.
- Ultimately, anyone who leads a fairly active and moderately healthy lifestyle should be ok on this trek, as long as you train beforehand.

## Why bother training?

- You will have a far better chance of completing the challenge.
- You will enjoy the trek far more if you have a good level of fitness.
- You will be far less likely to become injured or suffer from aches and pains (remember to train in your walking boots if going out on hikes as this will break them in and help to minimise blisters whilst on the challenge).
- Your potential sponsors will be far more likely to dig deep into their pockets if they can see just how much hard work you're putting in to prepare for the challenge.
- It will make you feel more energetic and more relaxed about the expedition.

## How shall I train?

- Training is very specific to the activity that you are undertaking, therefore to become fitter for trekking you need to trek. This can be mixed up with some cross training of your favourite sport or outdoor activity, e.g. swimming, aerobics, squash.
- To break your body in and avoid injury, training is best done gradually building up to the challenge over a period of time.

## The simplest of changes to your every day life can make a really big difference:

- If you're popping out to the shops, walk instead of taking the car.
- If you go to work on the bus or tube make a resolution to walk to the next stop or get off a stop early.
- Once a week during your lunch hour take a brisk walk around the park, or have a 30 minute jog.
- To get used to ascent and descent stop using the lift and start using the stairs. Using the stairs regularly is a very effective tool in preparing your body for climbing up hills.
- Do some half-day walks. To build up your stamina it's a good idea to go on some half-day walks. Buy a local guide book of short walks in your area or why not get a group of friends together? Try to do 2 or 3 half-day walks over a period of a couple of months and start to build up the distance you cover.
- Try some full-day walks. After a few half-day walks try to do a couple of full day walks and gradually increase the distance you cover until you're happy with your own ability.

# How to raise your £250

You'll be sent a full Fundraising Pack once booked, but take a look below to see how easily you could reach your £250 minimum sponsorship target in just a couple of weeks. You're fundraising could easily be a lot bigger than these ideas, all you need to do is make sure you have a bit of a plan at the start. Breakthrough will support you every step of the way with regular fundraising tips and free fundraising materials.

## Carol Curtis, UK Trekker 2009

"I was a bit concerned about making the £250 pledge. But with the support given to me by Breakthrough I found it a lot easier than I expected and raised in excess of £400!"

### Online sponsorship page:

It's very easy and really quick to set-up an online sponsorship page at [www.justgiving.com/breakthrough](http://www.justgiving.com/breakthrough). Then just email the address to all of your friends, family and colleagues and ask them to forward it on to their contacts too.

If 10 people sponsor you £10 each that's **£100 raised**.

### Food/Cake sale at work:

Make home-made cakes or soup and sell these at lunch or in the afternoon at your workplace. Ask friends if they will help to make them and if it's ok to sell them at their workplace as well.

If you hold 2 food sales at work and 30 people buy a cake or a pot of soup sold at £2 each that's £60 raised. If you manage to get your family or friends to do one at their work as well you could double the amount! **At least £60 raised**.

### Bag packing at your local supermarket:

This is a far more lucrative fundraising activity than most people think. If you go to a large supermarket and bag-pack for a few hours asking for donations for doing so, you'll be amazed at how much you can raise. Get a group of friends to help you and that should help make it more fun and bring in the donations quicker.

If you bag-pack twice and 60 people donate £1 for you to pack their bags, that's **£60 raised**.

### Quiz Night / Raffle

Ask your local pub/club if their quiz entry fee can be donated for one night towards your fundraising efforts for Breakthrough.

If 15 people take part in the quiz at £2 each that's **£30 raised**.

**Congratulations, you've reached your £250 minimum sponsorship target!**
